| 34 | Parks - Change Facilities | Discourage Columbia Rd lake access from becoming a dog park! |
| | | Bay Way Cabin is ugly from street and prime property in community; something should be down with it. Make it a senior center? |
| | | Is the Community House up for rental? Can it be? |
| | | Columbia Rd Park-Beach is rarely, if ever patrolled |
| | | The Bay Pool never should have been put on Cahoon property. Having a pool that is closed on Sundays is absolutely ridiculous! |
| | | My favorite thing about BV is the lakefront. The Metroparks and living in a community safe enough to use them. I like the events that promote use of these areas and think they could be used more. Creation of bike paths or a small marina, dining where the playhouse now sits would be awesome. I would love to see the green space maintained. |
| | | Cahoon Park should be used on Sundays since we pay taxes to maintain it we should be able to use it every day |
| | | City pool needs to open on Sun |
| | | I would like to see better access/parking to use Lake Erie for kayaking/paddle boarding. Access at Huntington is okay, but no parking available at access point. Can we develop the land just West of the Boat Club for public access? |
| | | My only real issue with the amenities in Bay Village is that the pool is not open on Sundays. |
| | | Build playground at Forestview lot. Dog Park? Possibly at Forestview |
| | | more lighting at Bradley Park |
| | | Would like to see Bay Pool open on Sunday. PS, thanks for asking |
| | | The bathroom facilities are poor at Huntington otherwise it is an excellent addition to Bay |
| | | Skate/bike Park needs to be fenced. Perhaps a fee, such as for use of pool. Many users are not Bay Residents and it is common knowledge among middle/high school that drug activity is prevalent. |
| | | Dwyer Senior Center should again be used for voting, facility appears to be underutilized, more of a "senior playhouse" than a vital community center |
| | | We need to improve Columbia Park |
| | | AS a resident of Bay Village and living 5 minutes from Bradley Park tennis courts, it is wrong to monopolize the courts with USTA Tennis Teams that are 70% non-residents so Kris Gambrel can pad her pockets? All USTA players must be Bay Village residence. I pay a lot in taxes and get play when I want to with my family! |
| Bay Skate Park needs expansions, plus lights—always crowded | | |
| Fix the steps in Columbia Park, they are unsafe | | |
| Put more in our other parks—not Cahoon | | |

| 34 | Parks - Change Facilities (continued) | <p>No Cahoon Park on Sunday is a major negative. There must be a way to fix this</p> <p>Clean up Columbia Park, fix the steps</p> <p>Why can't we use Bay Boat Club on Sundays?</p> <p>Ridiculous that recreational activities (particularly pool) are not open on Sundays. Should contest the restriction as it is outdated.</p> <p>No swimming on Sundays—really?</p> <p>Facilities at Cahoon need to be open on Sunday. A better community gym which is not in the school has better hours</p> <p>The quality of the playgrounds is poor especially Play in Bay where equipment is broken and the sand area is disgusting. The bathrooms at Cahoon soccer fields are horrible and not a reflection of the town. And we should make Huntington Beach Private! I feel it is not safe for a family to go. Clean up Columbia Park and enforce the rule that it is for people who live here!</p> <p>The ability to use facilities in Bay on Sunday such as the Boat Club and the pool needs to be revisited. This lack of Sunday use is a serious issue for modern times. It upsets us more than any other issue. Find a way to buy the land even if it requires a bond issue. The year's 2015—not 1815</p> <p>Park play equipment (Bradley) could use an upgrade. It's old and dangerous</p> <p>Only exception to #1 above is Huntington Playhouse, save Huntington Playhouse</p> <p>We need to eliminate "boating" from classification of "organized recreation" so the boat club can be used on Sundays</p> <p>Just a thought—as a senior I like to go to the pool, but often difficult to find a chair. Would you consider the option of renting chairs for the summer?</p> <p>Walker Rd Park needs better access for residents. Also needs a walking trail around basins and nature trail thru wetlands</p> |

| 28 | Parks - Add Facilities | Provide access to indoor pool and ice rink for all residents through cooperative programs with Rocky River, Fairview and Westlake |
| | | A rec center, doesn't have to be huge, is something that would help the community in so many ways [One of my only big areas of concern is] not having an indoor rec center like Rocky River |
| | | Need nice indoor rec center |
| | | I do wish that we had a rec center |
| | | A better fitness/workout facility is much needed—if you compare to surrounding communities, Bay's is seriously lacking! |
| | | We need a recreational facility that competes with other cities, but that should be the only green space touched. |
| | | My biggest disappointment about living in Bay is the complete lack of dedicated community rec center. Every other West side community has one. |
| | | We need a new recreational facility |
| | | Rec center?; dog park, no obscene music at the pool |
| | | We need a centrally located Rec Center (that is not closed on Sundays). |
| | | Plans to provide indoor swimming pool and a gym could be great-tennis court |
| | | This city needs a rec center! |
| | | Should have indoor pool and better recreation facilities like RR, need better info for public |
| | | This is the only suburb w/o a real rec center which is a big draw back |
| | | This is our wish list for Bay Village: A comprehensive rec center |
| | | Add a rec center that could be used all year. The outdoor pool is nice in the short summer!! |
| | | Could use a rec center like every other city |
| | | Pool (indoor) on City owned property |
| | | Create a private beach just for Bay residents |
| | | Would love to see an indoor recreation center with a pool or access to other community pools. Also had a skating rink at Bradley, what happened to it? |
| | | Would like to expand the rec center activities. Wish they have a pool (indoor) so we don't have to go to other cities! |
| | | Do not build on Forestview School Land. Make it a park! |
| | | Would love to see more access to Lake Erie |
| | | Can we flood baseball fields in the winter to use for ice skating? |
| | | What about promise of indoor pool? |
| | | We would love to have an indoor rec center |
| I really would like an indoor pool/rec center. | | |

| 7 | Parks - Programming | <p>I love Bay's parks but I feel that the city administration caters too much to families with children to the detriment of empty nesters or families with no children. A vast majority of Bay's parkland is taken up with soccer or other sports fields, making it difficult to find a place to just enjoy the parks. The jewel in the crown of Bay Village's parks is Cahoon Memorial Park. In the past few years I have seen a disturbing tendency to disregard both the letter and the intent of the Cahoon will, putting in jeopardy the continuation of this wonderful open space in the center of our village. Moves to rename portions of the park, attempts to hold organized activities on Sundays and stretching the bounds of the terms of the will (such as constructing facilities open to residents of other cities) risk losing the park to commercial development. This would be the ultimate tragedy.</p> <p>promote quality programs for the young</p> <p>More recreation programs for adults please</p> <p>Need more programs for kids and families with 2 working parents</p> <p>[Would like to see] a more organized summer baseball program for the little ones</p> <p>Most activities are geared towards kids (young kids)</p> <p>The City seems to be shifting responsibility for all programs for under 18 year olds to the schools or community groups. The kids are part of the City too</p> |
| 5 | Parks - Other | <p>I chose to live here because of the lack of development and the beautiful parks and access to the lake.</p> <p>I wish the City wouldn't use weed killer in their parks</p> <p>Gave recreation low marks because I can't afford it</p> <p>Nearness to lake and Metroparks</p> <p>We DO NOT need to spend money on green space next to City Hall.</p> |
| 1 | Parks - Eliminate Facilities | Eliminate the skateboard park |

| 31 | Flooding/Sewer/ Water | <p>Areas affected by multiple floods should get new sewers that actually fix problem</p> <p>Fix the sewers, built retention bases, stop the flow of storm water from Westlake Developments</p> <p>The Cleveland Water Dept. says that I am entitled to a sewer fee discount because I fit into the requirements. But Bay will not give it (the discount) to me. Why? I have lived in my house in Bay for over 55 years.</p> <p>We attended a meeting on the state of sewers in the Bruce/Russell area in Sept. and have not heard of anything else since. Disconnecting the downspouts from the sewer would be okay, except that I have no place to put the water as my backyard already acts as a retention pond for all the other lots adjacent. It floods at the slightest rain. Besides I am so close to either neighbor, that I would just be dumping water on them. If they disconnect, they would just put it on me. What do we do?</p> <p>[One of] the two "biggies" [is] sewer problems. [It] should be a top priority</p> <p>Climate change will bring more extremes in weather. We need to address sewer needs of the future now.</p> <p>I have a feeling residents will have quite a bit to say about sewers, so I will add something else</p> <p>Basement flooding- huge problem</p> <p>#19. More flooding recently. Storm water</p> <p>We've lived in our home for over 30 years. Only until this year we had water in our basement. Please remedy this problem</p> <p>I don't have a basement but many friends and relatives do and they have experienced many flooding problems that the city could have fixed if they had made it a priority.</p> <p>A stronger planning process with real engineering might have prevented sewer flooding issues. There seems to be less, not more. More transparency and less "emergency clause" in council affairs requires planning in anticipation, but is more desirable</p> <p>If sewers get much worse, the property values will be in jeopardy! Rumors of such have already started about certain areas; Bruce Rd., Southwest Bay</p> <p>Sewer rates should not be the same for every home. They should be determined by water use</p> <p>Fix the sewers!</p> <p>The sewers however are badly in need of modernization. Blame for this falls squarely on the shoulders of city council and the administration for not having the foresight to put together a 20-year upgrade plan. I travel Bradley Road regularly and every single week I see sewer trucks unclogging lines! If we'd have built a 20-year plan ten years ago, we'd be well on our way to a sewer system that will support our village for our grandchildren, but our leadership has been either too irresponsible or too shortsighted to do anything about it. Shameful! Flooding basements—my basement has flooded and my neighbors have had the same trouble, and, although the technical solution may be partially my responsibility, we can't keep the storm sewers from backing up. That's our elected officials' job and they're failing miserably.</p> |

| 31 | Flooding/Sewer/ Water (continued) | Sewer insufficiency and flooding is the #1 problem to be addressed home values are suffering and residents are financially trapped |
| | | I live on Fairview Dr. If the street floods, my basement gets water. As the years go by, it is happening more often! |
| | | No basement flooding until this summer. Flooded twice within one week. Recent sewer construction in neighborhood just before flooding |
| | | It disturbs me that the mayor continues to blame homeowners for the past summer's basement flooding. Part of the responsibility lies with the city for failing to clean out debris that collected in storm water catch basins. Every fall I have a plumber come and snake out the drain line from my house as a preventative measure. The plumber told me that the houses in Bay that he's been to didn't flood because of an issue with the sewer line on private property, but because of an issue in the street. That is the city's responsibility to clean it out |
| | | Sewer back-up and improvement must be accomplished |
| | | Fix the sewers |
| | | We have lived in Bay Village for 8 years. In the last year my basement started flooding. There is a major issue with the sewer and the City will not take responsibility. I have invested \$5000 to protect my house from the CITY. Given the taxes I pay, I believe I should be reimbursed. I am contacting my neighbors to start a class action for the expense to get the check values that we have all been forced to get |
| | | Our sewers can't hold the water running down from Westlake. Flooding is major issue |
| | | Unfortunately, cost of sewer, taxes, property maintenance, yard work is increasing. I felt that last jump in sewer cost was really unfair to single out small households. I really don't need to use a lot of water. Therefore, I am not putting a lot of water into the sewers. Families with children are taxing the system more with laundry, showers, dishes, etc. That increase really bothered me! |
| | | I continue to be frustrated with flooding problems and worry about resale value |
| 31 | Flooding/Sewer/ Water (continued) | I would like the City to address the basement flooding better. |
| | | Wischmeyer Creek, a City municipal storm system has systemic erosion/flood hazard issues (between Glen Park Drive and Lake Road (State Route 6)) that need immediate attention and remediation that I as one of ten homeowners in this area cannot fix myself. The stream bank erosion and aging hydraulic control structures need replacement and hydrological study (the last one was 24 years ago). The culvert under Lake Rd/State Route 6 is undersized (the two culverts upstream are bigger). City using \$1.2m state capital improvement fund replaced 8 culverts upstream and channel with opening to accelerate erosion. |
| | | The sewer water back up has been an ongoing problem in my home. The losses are great. I would expect the City to assist in some way within expenses to me |
| | | Priorities! The sewer system has been an ongoing concern for citizens. We need a solution to flooding basements. Also, until this is done, it is ridiculous to see new tennis courts, parking lots, etc. having resources spent when so few residences utilize those services. Those add up! |
| | | Fix the storm sewers!!! Sewers installed 65-85 years ago are no longer appropriated-especially given the very high taxes we pay. |

| 27 | Animal Control | <p>I love the deer, but as a senior citizen it is costly to buy "deer off" spray. Would like to see city help out with cost of spray so can plant shrubs and flowers to enjoy</p> <p>Deer population—please address—it is dangerous driving, walking and biking around City</p> <p>Concerns I have include the increasing deer population</p> <p>Privacy landscaping is destroyed by the deer</p> <p>The city offers no help with solving the problems of coyotes running rampant in our city. Other communities offer assistance for their citizens, why can't Bay?</p> <p>Dirty Secrets of Bay Village: Uncontrolled deer population decimating and destroying property and value</p> <p>The deer population in our city is getting out of hand</p> <p>I would like for there to be an animal warden because we have had to deal with several animal issues and the police—while willing to help are not equipped to deal with them</p> <p>Deer problem</p> <p>Something needs to be done about the deer population—becoming unsafe</p> <p>[One of] the two "biggies" [is] the deer [It] should be a top priority</p> <p>I think people tolerate deer because of the cute "Bambi" story. We would not tolerate any other large, four-legged creatures roaming freely! Deer are dangerous, dirty, and they eat just about anything. Their droppings are impossible to clean up. We need to get rid of these animals before someone gets killed.</p> <p>The City has many green areas. With these areas comes animals. Most cities have some type of animal control but Bay does not. As a resident I have had 2 different events with animals and was responsible for catching and deposing of animals. Deer, raccoons, mice and chipmunks are the 4 most residents want controlled.</p> <p>A highly residential community like Bay absolutely should have an animal control officer and short-term shelter capability. Getting rid of the officer we had was a huge mistake!</p> <p>I feel there is a big problem with the deer population. I cannot enjoy my yard because I never know when one will pop out, plus they have destroyed my yard eating everything. City Hall can't help because their hands are tied.</p> <p>need animal warden;</p> <p>We would like the deer to be greatly reduced or eliminated</p> <p>I wish we had a kennel/animal control officer again</p> <p>The administration bends over backward for the minority of children in our village who like to ride skateboards, yet totally ignores the need for safety and security of the thousands of household pets! Having eliminated the position of animal control officer, the kennel has been allowed to fall into ruin, in spite of the fact that a citizen has offered \$50,000 to build a new facility and a concerned group has offered to operate it free of charge.</p> |

| 27 | Animal Control (continued) | <p>City's should also have a dog and cat shelter for stray animals</p> <p>Bay Village needs an animal control officer. BV needs a kennel. We need a place for dogs to run, off the leash, even if it's only a designated time at existing parks, i.e. 5am to 6:30am daily</p> <p>DEER! We should not have to protect our gardens from the many deer in town!</p> <p>We are very disappointed with the current status of the Bay Village kennel. It appears to be more a political issue instead of choosing to do what is best for our community. There was a donor who offered to pay for the kennel and countless others who have also offered to donate their time and professional expertise. This is very sad. We will not be voting for Mayor Sutherland at the next election because of this issue</p> <p>The deer population must be controlled/eliminated</p> <p>City needs to hire animal control officer</p> <p>Mayor and Council need to meet with friends of BV Kennel and take action on donations</p> <p>I would like the city to reinstate an animal control officer and reopen the kennel.</p> |
| 26 | Housing - Maintenance | <p>Aggressive inspection of rental properties by building dept.</p> <p>I would like to see more attention paid to property maintenance – many people's yards look like junkyards.</p> <p>More frequent property inspections</p> <p>There are too many rentals.</p> <p>Please continue to maintain this lovely town and help to keep the residences in our city the way it is.</p> <p>More attention needs to be given on maintenance of properties. Too many homes have overgrown vegetation, cracked driveways, etc.</p> <p>Address vacant homes</p> <p>Be stricter on slumlords (27904 Lincoln Rd.). Peeling paint, overgrown bushes, loose garbage, and screens pushed out, downspouts disconnected, mattresses stacked up in back of house, bed bogs, dog waste. We have complained to the City and the landlord multiple times. I can't believe the City of Bay Village would put up with this! We are embarrassed.</p> <p>[Bay Village] is filled with aging homes.</p> <p>More attention needs to be paid to rentals. Eastern end Bay has rentals that have not made improvements or inspected from one under radar rental to the next. This brings down property values to homeowners, especially the elderly who consider their home a retirement asset</p> <p>Bay looks dumpy to outsiders—need better lawn and home care</p> <p>I would also like to see way more enforcement of property upkeep standards.</p> <p>Property maintenance enforcement very poor</p> <p>More and better enforcement of building codes particularly as applied to new development and homes being hoe horned into small lots</p> |

| 26 | Housing - Maintenance (continued) | Wolf Road curb appeal should be maintained better, large weeds grow in the summer up over the curbs from the street. A dead tree has been laying cut down at Wolf at the community garden land for months; these things should be removed the same day they are cut down. |
| | | If there are quality of life ordinances on the books, way to enforce them? Ordinances to take in your trash cans, not store items in street view, and other types of rules and deadlines get ignored with no consequences. Was once told these in plain view violations aren't handled by the PD unless there is a complaint filed. Trash times and pickup deadlines are NOT enforced and contribute to a lesser appearance for neighborhoods |
| | | Quality residences...value maintained |
| | | I'd like to see more homeowners and much less renters! Renters don't have a vested interest in the City or the home they live in; so many rental properties look like crap!! |
| | | Building dept. poor inspectors that do not enforce violations or respond |
| | | Renters should be more respectful of the property of other home owners in the neighborhood |
| | | Corner pieces of property need to be cut some slack |
| | | Large number of rental homes in my area—people who rent do not believe they should keep property up. It affects all homes as other people do not invest in their property either. Affects tax base—adversely! |
| | | Overall good to excellent city programs which I expect with high taxes; please as noted in the survey tighten up on the exterior maintenance of homes and the sidewalks through the correction programs and noise issues as outlined above. Thank you for sending this! |
| | | Very concerned about properties in Bay Village not being maintained and highly neglected. This brings the property values down to adjacent homes. This is a major issue in our city and we need to enforce our home maintenance ordinances. Plus parked trucks/cars on front lawns and car maintenance being done on front driveway. Also non-running vehicles being left on driveway for almost 10 years. |
| 18 | Housing - Density & Design | Attract young and old residents and encourage homeownership while discouraging absentee's landowners and rentals. Enforce housing and safety codes. Lastly, encourage homeownership for all employees in City, so that they feel more in touch with community and needs. |
| | | Also, there are several properties on Bayview that are not maintained at all and just make the street look run down. |
| | | Renovate existing homes rather than build. Stop tearing down charming houses on Lake Rd for mansions that are ugly |
| | | There are too many big new houses being built on small lots. Bay needs an architectural board- because of high taxes perhaps- large homes are built with disregard to the neighbors. |
| | | Please consider limiting sizes of infill new construction houses |
| | | We need small cluster developments |

| 18 | Housing - Density & Design (continued) | <p>The new construction is great, but the “2” houses per one lot and houses that do not fit the character of Bay Village should go before a community review board or something. Just because someone buys a lot or 3, they shouldn’t be allowed to build the ugliest house on it cause they have \$\$\$</p> <p>Please stop allowing monstrosities to be built on Lake Rd (tax revenue aside).</p> <p>Keep Bay a “New England” style town with new housing matching existing housing.</p> <p>Not against new housing—just feel the size of home should be appropriate for lot</p> <p>Teardown houses need to be replaced w/ houses of similar square footage instead of cramming large houses on small lots—609 & 615 Bassett for example</p> <p>I am also unhappy with the tear downs being replace by these that are too large for the lot homes</p> <p>Am concerned with the amount of tear downs of pre-existing homes and the new builds are way too large for the properties they are on. This is especially true of Lake Rd. There should be a square footage to lot size ratio—otherwise the housing looks very jumbled.</p> <p>Re: Land use “Item 3” new homes should match the scale and design of existing homes. I strongly agree. On my street, a tiny house was torn down and the builder replaced it with a huge house that doesn’t fit the design of existing houses on this street. The huge house looks “out of place” and weird because it is so big. I see other builders doing the same thing in Bay Village...tear down small houses and replace with huge, “out of place” houses. Looks awful!</p> <p>Lake Rd housing should seek to mold with new—create some set back requirements so one person can’t tear down and block older homes views. Bay needs to do more to protect historic structures, not tear them all down.</p> <p>The Board of Zoning Appeals (Known as BZA) needs to be revamped. There are individuals on BZA that don’t have a clue what’s going on and is practical for the homeowner if one says no the others say no and if one says yes the rest say yes. A quaint unique community that varies in home styles, some are still cottages and others huge modern homes but the BZA seems to want this City to be a cookie cutter homes all to be the same—how boring. There needs to be changes of people on this board</p> <p>Building dept. needs to try and keep the style of Bay homes better – quick cookie cutter homes on too small of lots are popping up everywhere</p> <p>Cramming awkward housing on every square inch looks bad and is not necessary. People want to live here; I believe they will pay what it costs.</p> <p>Build appropriately-sized structures throughout the city- especially along Lake Rd</p> <p>planning commission needs to maintain view of the lake and not allow structures disproportionate to property size</p> |
| 2 | Housing - Senior Housing | <p>When you asked about senior housing, we need affordable senior housing not all seniors living in Bay are wealthy</p> <p>Provide 200-350k housing options for seniors to live in so that they do not spend their lives in Bay and then have to move out because there are no options of suitable housing in the City</p> |

| 22 | Positive | We just moved here one year ago and are thrilled. We are happy with the school system. We love our neighborhood and the excellent sense of community here |
| | | I love this city. What a great place! |
| | | This is a great community in which we live in! |
| | | I want to see BV keep its good reputation (to a point). |
| | | This is a wonderful place to live! |
| | | Bay is pretty great—don't change too much! |
| | | My family and I enjoy living in Bay. We chose this city for many of the reasons stated in your survey. Bay is a wonderful place to grow up in and to grow old in! |
| | | Thank you for seeking input from residents |
| | | I love Bay Village; it's such a charming town unlike any other. |
| | | I have lived with my family in Bay Village for over 40 years. I would never want to live anywhere else. After retiring in June 2014, I am trying to walk every street in Bay Village to enjoy the beauty and pride of this wonderful city, its homes and neighborhoods |
| | | Bay is desirable place to own home and reside |
| | | Love it here...always have, always will! Thanks |
| | | Bay Village is a great/wonderful place to live! |
| | | Bay Village is a great place to live! |
| | | Lived in Bay all my life 87 years! Hope to remain here until it's over. God Bless |
| | | Overall I am a very pleased homeowner. Looking forward to see young families move in |
| | | Bay Village is amazing! |
| I retired to Bay from the East Coast to be near family. I chose Bay because it is safe, picturesque, family oriented environment. | | |
| Kudos to the fire and police depts. And the bay Schools—after our beautiful lake—3 of my favorite things about living in Bay! | | |
| Bay Village is a great community and I'm glad I moved here! | | |
| I appreciate your time and opportunity to respond to this survey. | | |
| We retired to Bay Village in 2002 and our lot is a dream come true. Close to everything! Especially nature. We've had many visitors (from all over the country) and everybody was thrilled by the trees, streams and rolling hills—yet close to the lake and close to Cleveland! | | |
| 21 | Transportation - Sidewalks | Sidewalks are uneven |
| | | Very happy we found Bay Village. My only big areas of concern are the sidewalks as my kids trip a lot (and we walk a lot). |
| | | Concerning sidewalks - I have to deal with mine 2x in the past 30 years meanwhile the area North of Lake Rd just east of Columbia doesn't even have a paved road. |
| | | Concentrate on repaving streets/sidewalks |

| 21 | Transportation - Sidewalks (continued) | <p>I have addressed this concern to Bay Village before. We need a crosswalk to Columbia Park. Very dangerous! I have video footage of my family and others trying to cross the street</p> <p>#12. Sidewalks are impassable during the winter due to homeowners not shoveling. This must be addressed by either levying fines, or by having the city clear them</p> <p>Regarding the cross walk at Columbia and Lake Rd, something needs to be done in order to make it safe for pedestrians to cross Lake Rd to enjoy Columbia Park. Traffic is constantly excessive</p> <p>I don't feel a need for new "no right turn on red" stops that are going to be instituted. Kids hardly walk to school anymore. I walk 4 miles a day on Lake Rd and new sidewalks are very much needed</p> <p>I have walked on sidewalks on South side of Lake Rd and found the sidewalks never repaired. This was after was immediately repaired ours which were not as bad as Lake Rd. Is there someone who follows up on the city's requests? And are the areas repaired by the City and homeowner billed? This may seem a small thing but to Lake Rd. walkers it could be the difference between falling and not falling or being hit by a car because one had to walk too near to the street</p> <p>Bushes and branches infringing on sidewalks should be removed</p> <p>Would like to see fewer curbs around business. Unless you're handicapped you don't realize how difficult it is to get up and down with a wheelchair, cane or walker</p> <p>Secondly, the sidewalks in Bay are a disgrace and a safety hazard for everyone young and old and priority should be given to correct this situation</p> <p>No one enforces snow removal from sidewalks</p> <p>Shoveling sidewalks should be enforced</p> <p>Sidewalks are in need of improvement. The streets are despicable on which to drive</p> <p>It's important to me to be able to walk without having to scrutinize sidewalks for bumps and holes. I fell recently, tripping over uneven sidewalk—it wasn't pretty</p> <p>Please enforce sidewalk snow shoveling rules with a fine! Otherwise, ordinance has no teeth</p> <p>Sidewalks should be shoveled 24 hours after snowfall. The biggest offenders of this law are Lake Rd residents. It is unsafe for walkers/runners and there is zero enforcement of existing laws.</p> <p>The one poor rating I gave is due to lack of enforcement of sidewalk snow removal. I live on Humiston and about ½ of my neighborhood refuses to clear their sidewalks in the winter. I will cut folks some slack for a week or so in case they are out of town. But going two winters without ever clearing is unacceptable. I have fallen several times walking my dogs and been forced to walk in the street. Please correct this!</p> <p>The intersection at Clague and Wolf is crazy. I watch families and seniors walk across that street and almost get hit many times. Can you lengthen the time of that light? It's unsafe. Quite often there are car accidents there as well. Reese Park and the plazas by it need to be improved some. I appreciate recent improvements but it is not enough!</p> <p>Sidewalks need to be cleaned after snowfall. Major issue where you cannot even walk your dog. So many residents don't clear their walks even the churches do not clear the snow</p> |

| 17 | Transportation - Bicycling | A person riding their bikes on the side of the street drives me nuts. They either need to be on the sidewalk or provided some other area to get around. |
| | | More bike racks |
| | | Really would like to see "bike lane" on Lake Rd as I feel it is dangerous. Space is narrow often uneven. Do not like to ride the road with traffic. Also like to see graduated curves in street crossings |
| | | I would love a true bike path on Lake Rd. |
| | | Please address bike safety on Lake Rd. There are many places where holes, cracks, crevices and poor repair jobs could throw a bicyclist into traffic. |
| | | I would like to see a two way bike path on the South side of Wolf Road at least from Dover Center to Claque Rd. This would help keep the bikes off Lake Rd during rush hour and off the sidewalks during the day. |
| | | Bicycles are pleasant recreational transportation devices, but they need to be controlled. Bikers routinely ride two and even three abreast on Bay's streets and refuse to form single files, even when vehicular traffic impeded. We need to share the road—not sign it over to bicyclists! |
| | | Money should be used for improving our bike lanes and adding bike safety lanes, making it a more bike SAFE community. |
| | | Also, we bike and Lake Rd needs a bike lane please! We love the community! |
| | | This is our wish list for Bay Village: Bike lanes of Lake Rd through the village for the safety of bikers |
| | | We need bike lanes on our major roads: Wolf, Bradley, Lake, Bassett and Columbia |
| | | We feel bicycles on the roadways are dangerous. It would be safer if bikes were on sidewalks. Or even if bicycles rode against the traffic so they could respond to problems |
| | | We really need Bike safe roads. Most major east west roads are too narrow to safely ride on the street. Too many distracted drivers |
| | | We like to support bikes, but there should be no bike riding on Lake Rd. The road is too narrow/ busy for similar reasons, landscaping, trucks and the like should not be able to park on Lake Rd during rush hour. |
| We need bike paths for bike safety and bike racks in public spaces and parks | | |
| Any roadway improvements should incorporate bike amenities. | | |
| Making the community more bike friendly | | |
| 17 | Transportation - Car | Install working traffic light at Columbia and Lake |
| | | The City needs a resident engineer to help guide the planning for future infrastructure improvements. Consults cost too much for day to day thinking. Consideration on removing signaled intersections for roundabouts for safety, better traffic flow and reduced expenses. We are a low traffic community, thankfully, and roundabouts work very well in these cases. |
| | | Too many semi-trucks coming down Clague Rd. When I call nothing changes. Maybe a traffic camera, I'm sure a ticket would be costly and they would add up. Some days there are 5-7 trucks |

| 17 | Transportation - Car (continued) | <p>Add stoplight at Columbia Rd intersection with Lake Rd or at Dover Center and Lake Rd so that lakefront residents can get out of their driveways in the morning!</p> <p>More traffic—overhead lighting at road intersections</p> <p>Lake Road from Columbia and Rocky River is in very poor condition</p> <p>With the growth and development of Avon Lake and Avon, the traffic on Lake Rd has increased a great deal. BV will need to review this situation because at times it is difficult to exit the driveway on Lake Rd</p> <p>Also not sure why the parking lot next to City Hall is being resurfaced when we have pot holes on Wolf Road, the Main Street in town!</p> <p>Bay Village overall is a wonderful and safe place to live. However, I would like to see our tax dollars go towards improving some of our streets, in particular Wolf Rd.</p> <p>I live by Park Lane. This street is not well maintained and bushes block visibility in a turn to get around a corner of Park Lane. I predict a fatality if these bushes are not taken completely down. Children always walk down the street and you can't see them. It is a one way street and I have almost been head on in my car leaving as someone is coming in several times</p> <p>Wolf Road is the main thoroughfare through the heart of Bay Village. During the past summer attempts were made to patch some of the rough spots. That worked to a small degree. Wolf is still very bumpy with many jarring ridges along most of its length. Grind off the bumps to improve</p> <p>Curb all of Wolf Rd</p> <p>We could really use a crosswalk or traffic light where Columbia Rd meets Lake Rd. It is extremely unsafe for people crossing Lake to go down to the park. I see families and children running or riding bikes across Lake as quickly as they can and it's scary</p> <p>The condition of Wolf Rd. between Clague and Columbia needs to be addressed immediately, curb deterioration, flooding, and other needed repairs are non-existent. Tree lawns have been destroyed in many areas.</p> <p>Concerned Cleveland Metroparks is considering closing Porter Creek Road to vehicle traffic and how this would affect traffic in our city.</p> <p>As a final note, the changes to Clifton Rd in Lakewood/Cleveland and the shoreway have made travel to downtown utterly inconvenient! Should be looking for more ways to ease traffic flow, not make it more difficult.</p> <p>Noise level from freeway—I do not have air conditioning, so I hear freeway traffic all summer when my windows are open. Why are there no sound barriers up along the Columbia exit and entrance? When I moved in Bay Village there were many more trees as Dave and Busters did not exist, so it is much more noticeable now!</p> |

| 11 | Transportation - Speed | <p>Reduce speed on Lake Ave, Wolf Rd and Clague Rd</p> <p>The speeding of cars down my street is troublesome as I have a two year old daughter who likes to play outside.</p> <p>We would like traffic speed better controlled in both directions on Bassett</p> <p>Please consider reducing speed limit on Osborn Rd or at least enforcing current limit</p> <p>SPEEDING! Oh my goodness, it is awful. While out of state—they had solar powered speeding signs—the kind that show how fast you are going. I think that would help. I'm moving because of this problem; ASAP. I've lived here for 20+ years and NOTHING has changed. I'm talking on side streets. West End of Bay got the crosswalks—East end nothing. Something HAS to change. Thank you for reading this. Please consider doing something. Signs—speedbumps, anything!</p> <p>So, with the speeding. Why can't there be crosswalks like the ones at Dover and Bruce, on side streets? I know the city is not going to do speed bumps, so at least this would slow people down. These kids walking to the bus, it's so dangerous. The teens go flying after school, etc. All day our street (Fordham Parkway) is a cut through. It is the reason I would move if I could do so. Financially, I can't at this time. Please, consider a change.</p> <p>Speed on Lake Road between Sadder and Bradley, safety of turning into heavy traffic</p> <p>Change speed limit on Walker Road between Bradley Rd and Avon Lake City limit, to 35 mph</p> <p>Speeding on Wolf Rd. and Lake Rd. has increased significantly (Clague to Dover Center). Traffic enforcement has decreased over the last two years. The Columbia/Lake Rd. intersection needs to be addressed. Pedestrians/bikers trying to access Columbia Park are at risk</p> <p>I have lived on Donald Ave for over 15 years. I appreciate the central Bay location and enjoy walking and biking to shopping, etc. The problem on our street is traffic. I am specifically concerned with the speed cars regularly travel down our small street. Many drivers utilize Donald as a "cut through" so they can avoid the intersection of Dover Center and West Oviatt. I can recall two occasions over the past 15+ years when the police department was proactive and set up a speed monitor. While this was much appreciated, it served as a very temporary deterrent and not a solution. The speeding traffic situation is so bad that my neighbors and I are not comfortable allowing young children to play in our own front yards. I would love to see the southwest end of Donald (near the Village Project) closed to through traffic. This would make our street much safer and provide the neighborhood feel we long for. Access to our homes by emergency vehicles would not be hampered. We would be as accessible as any other cul-de-sac in town. Additionally, such a closure could have potential to increase traffic to businesses along West Oviatt and the Dover Junction Shopping Center.</p> <p>Generally love living here. Would be nice to see more police presence during 'rush hour' and when school is letting out. I see so many cars speeding down Winsor and around the exit of the high school by students.</p> |

| 9 | Transportation - Parking | Would love to see enforcement of parking – cars and trucks are often left on streets overnight. Most people have 2-3 vehicles—none of which are in their garages |
| | | Stop landscaping/construction companies from parking on Lake Rd – a US route |
| | | The police could do a better job enforcing overnight parking. |
| | | Landscape and service vehicles should not be allowed to park on Lake Rd |
| | | Residents should be encouraged to use their driveways to park their cars, particularly on trash pickup days and leaf pickup days, as opposed to parking in front of neighboring homes |
| | | Cars parked on streets all night with no citations |
| | | Parking issue and noise issue caused by the Green Island Restaurant on Eaton Way, as there is NOT enough parking provided in the lot at the restaurant. There is loud talking at night by patrons when they stand by their cars after visiting the restaurant; trash left behind by patrons and cars parking and then turning around on a consistent basis in driveways on my street. Cars park up and down side streets in the area is especially problematic in early spring, spring and summer. I am not opposed to retail and businesses in the area but PLEASE allow for enough parking of cars, bikes, etc. without adversely affecting the home owners in the area! If more retail and businesses are planned for the city, adequate parking must be addressed. |
| | | Pass ordinance prohibiting landscaping trailers from parking on Lake or Wolf. |
| | | It is upsetting to see landscape truck on main road. They just put a cone out and I have to cross double yellow line to get by. Why can't they park on side streets or driveways? Why don't the police enforce this? I can get a ticket or be involved in accidents crossing lines. |
| | | And I would like to see more public transportation. |
| 8 | Transportation - Transit | BV is 9 miles long and ½ mile wide. It is hard to improve public transportation except frequency. I am 75+ living alone as full time caregiver—when, and if, I can no longer drive, my answers will be different on transportation for seniors |
| | | My comments on transportation...I'd like to take the RTA Bus downtown during store hours, during the week and on the weekend. With all the construction Downtown, driving down there and parking is almost impossible...what hours do the buses run? Where do I get a schedule, how much does it cost? I found a schedule at the library. The buses run East from BV until 8:00 am and West after 4:00 pm. No weekends or holidays. I guess that answers the question, if you don't want to drive to Lakewood, where they have nice shelters, stay in Bay Village! |
| | | Public transportation is horrible. |
| | | I don't know who came up with the transportation questions, but nobody attempts to get around Bay Village via public transportation. |
| | | Perhaps a Bay-only commuter bus? |
| | | RTA Bus needed for High School students as in the past |
| | | If my car dies, I'm stuck. I sadly expect I'll have to sell and move; buying a two bedroom condo somewhere else—maybe Lakewood. |

| 21 | Taxes | <p>Dirty Secrets of Bay Village: High Taxes</p> <p>I believe that seniors will be taxed out of their houses. We need a community without a school district, to keep it affordable. Bay will not comply, only a move will suffice.</p> <p>Property tax seems too high. We'd love to move to a house in Bay with more space for our growing family, but taxes make that difficult</p> <p>Find ways to lower property taxes</p> <p>Whatever you do... LOWER TAXES! Have a budget, but lower taxes. Cut some programs. I don't need the govt. taking care of everything for us. Please, LOWER TAXES</p> <p>My wife and I have lived in BV for 30 years. We raised 4 children and loved living here. My only concern is taxes. I know they support the schools but it is a concern</p> <p>Need questions regarding school district—not all tax payers use it and should receive credit.</p> <p>[Bay Village has] very high taxes. [The expense of Bay Village is a challenge to] attracting the young to move into Bay.</p> <p>Taxes are very high</p> <p>Building Dept. going to vendor is a good idea. I wish however, that their fees didn't need to increase as much as they did since being subcontracted. Property taxes are too high!</p> <p>Property taxes are too high! Mine have doubled over the past 15 years!</p> <p>If property taxes increase, I won't be able to stay here</p> <p>Please use our extensive tax dollars wisely for the important reasons people live here—safety, good housing stock, good schools, ease of access to nearly everything and a lovely, tree-filled city.</p> <p>This is our wish list for Bay Village: No raising of real estate taxes</p> <p>Property value going up for increases in real estate taxes without explanations</p> <p>Property taxes are ridiculous. Much higher than most of the US.</p> <p>Very little attention was given to taxes and prioritizing the many things the City could do. All the initiatives in the survey are good but taxes are too high already. The most important goal is to identify the needs and determine the most cost effective ways to achieve them.</p> <p>To further explain why I live here—when house shopping in early 2010, I was in competition with those aiming for the big rebate gov't was offering to first-time homeowners. Frankly, I would have preferred Westlake or Rocky River; taxes are lower there.</p> <p>I would like to see us have more commercial property to lower the tax burden on home owners and to be able to support local merchants. Too much of our spending goes to West Lake</p> <p>Taxes are prohibitive for retired seniors</p> <p>Maintain services while maintaining a cost efficient tax and fee system is important so that City maintains its unique character without out-pricing homeowners.</p> |

| 19 | Land Use - Maintain Single Family | Please don't over-develop Bay. We can go to Westlake for congestion, shopping and the rest. |
| | | Concerned with Crocker Park development—spillover of traffic and undesirable elements need excellent police overview |
| | | Land use—consistency—is the match word here. As mentioned above, Bay Village is almost 100% single family homes with only a small commercial district. I think it would remain so. With Crocker Park right up the street, why do we need more of a commercial district? |
| | | Love living in Bay Village! It is a great family community and should capitalize on its strengths –not try to be something else like more business, rental apartments or commuter destination. People move to Bay for the family life. |
| | | Minimum commercial activity |
| | | Please keep Bay as it is! Please do not add apartments, condos and the like in our open, green spaces. There aren't enough of them left! |
| | | Please keep Bay as bucolic as possible, while improving eyesores, encouraging home ownership vs. rentals, offering more lakefront areas for Bay residents to picnic, relax, etc. (The Metroparks/ Huntington is wonderful, but very few, if any Bay residents use it to its fullest due to influx of non-Bay residents). Please don't make Bay more than it needs to be—Life Long Resident |
| | | We do not need multi-family housing units in BV |
| | | The City should NOT change the current residential look and feel |
| | | I enjoy living in a single family home town. I purposely bought in BV due to the single family home houses—I do not want Bay to turn into Lakewood |
| | | We love Bay Village! Please keep our quiet, lovely, serene community just the way it is! We do not mind driving to Westlake or Rocky River to shop. Every time we cross the tacks and enter Bay my kids yell "yay!" We don't want the traffic congestion, commercialism, etc. we see in surrounding cities. And please no more hideous eye sore mansions along the lakeshore! |
| | | Definite no condos or apartment buildings |
| | | I feel there needs to be more restrictions on condo/apartment building in BV |
| | | It seems many of the Qs imply multi-unit and/or mixed-use development would be a terrible mistake to implement these. It would increase the # of transient population with no vested interest in the community for the long-term. |
| Leave Bay alone, it is primarily a single family dwelling community! | | |
| I am concerned with talk of adding condos/townhomes to Bay. I believe this would destroy what Bay Village has to offer. We have lived in other nice cities, and ultimately came back to Bay because of it being a "bedroom community" and because of it is a little more expensive to live here, I believe people have to choose to live here and therefor want to be here and be a part of the community. | | |
| There is no need for apartments in our city. | | |

| 19 | Land Use - Maintain Single Family (continued) | <p>-Why I choose to live in Bay Village—Bay is a residential community made up of almost 100% single family homes. I find this attractive because such homes are generally occupied by the owners and this tends to result in better maintenance, higher home values per square foot and more attractive neighborhoods. We have very few rental condominiums and virtually no apartments. If this were to change, I would find Bay a much less attractive place to live.</p> <p>Do not rush to change things in the community. People live in Bay because it is Bay. Don't let the pressure of being like other towns effect what we have. Don't let the minority dictate the majority.</p> |
| 11 | Land Use - Commercial | <p>We don't have commercial space sufficient to bring big jobs</p> <p>Develop area along creek behind Heinens and Bay Shopping Center</p> <p>Would love to have the "downtown" area re-vamped with better stores, more food options, especially high end dining. Rocky River has revitalized their community in the last 12 years; I think Bay should be following their lead. Another community to model after would be Hudson</p> <p>Instead of going to Crocker Park area, I would like to see some good restaurants with liquor licenses come to BV. We need some unique shopping district such as antiques, art shops, etc. Whole Foods building in BV would have been a big boost! BMW building and business would have been great for BV.</p> <p>Fix up Clague Road shopping area!</p> <p>A few more businesses to help generate revenue</p> <p>Small and environment friendly business development might help the very high tax base</p> <p>2 areas to improve upon: Bringing a bit more commerce into the City to create a larger tax base, so that everything does not fall on the Bay homeowners</p> <p>Why is the lot just West of Dover Plaza on Wolf still vacant? It is an eye sore! Why can't we get a Starbucks in town? Too many dry cleaners and dumb businesses in Dover Plaza!</p> <p>All of Dover Center Roads tree lawns are landscaped and well maintained except in front of Malley's. Malley's has a large parking lot behind their store, but instead of greenspace in front on Dover Center, they have black top! Malley's could put small tables, chairs, decorative fencing in front, instead of the black top parking that is allowing people to back their cars out onto Dover Center Road into oncoming traffic, which is a safety hazard for school children and other drivers. You'd think Malley's and Bay Village would like a beautiful tree lawn to represent Bay Village, not black top!</p> <p>Please look at Rocky River. They have so much to offer—stores, restaurants</p> |
| 2 | Land Use - Signage | <p>Bay Village is a charming City. We are a small bedroom community. The electronic signs at Dover and Wolf (and the high school) have diminished that charm</p> <p>Stop the electric signs. Keep bay charming. Why do we want to look like Avon? Keep Bay charming and quaint. Stop the neon</p> |
| 1 | Land Use - Multi-Family | <p>I would like to see an 8-10 story condo building built on Clague road between Reese Park and the tracks. It would provide an option for Bay empty nesters to stay in Bay</p> |

| 18 | Government | <p>I am very concerned about the lack of transparency about what goes on at City Hall and at council meetings. All ordinances and decisions should follow a protocol of public disclosure and comment period. In the technological age we are in there is no reason why the meetings cannot be broadcast or at least, email summaries of the minutes distributed for those who sign up to receive</p> <p>Timely communication from the city is poor. Increase frequency—text messages would be good. They school system and other communities do a much better job of this</p> <p>We need to be more transparent with hiring and posting practices for City employees</p> <p>We haven't been in the City for very long but have had a good deal of interaction with the city employees, boards and council. We've experienced an arrogance and sometimes demeaning attitude by some members of the administration (particularly the City engineer), some council members and some members of the Board of Zoning appeals. Without much discussion or explanation the attitude is we should do it their way because they said so</p> <p>Current Mayor follows her personal agenda</p> <p>I do not think the Mayor truly listens to residents</p> <p>Service department does not respond to questions or messages left in a timely manner. Some City employees who answer phones seem to be a little put out when I have called and are not very helpful or pleasant</p> <p>Mayor and council need to follow rules, i.e. sculpture by pool</p> <p>Term limit for Mayor- 8 years. Transparent government, no more outsourcing</p> <p>Continue to encourage City employees to continue prompt and courteous service that make the City unique and friendly.</p> <p>The mayor and council need to prioritize serving citizens, not themselves. They're elected to do the job and to address the difficult issues, NOT ignore them and stall</p> <p>Mayor Sutherland should start acting as a public servant, rather than thinking the community should be serving her. Deborah is guided by her own agenda; special interest groups.</p> <p>I do not want Marty Mace in office</p> <p>The Mayor should be more available to the people. Scott Thomas should listen and call back citizens. Dan Enovitch (rec director) should be fired for lack of concern of Bay residents. Bay Village needs more transparency in its govt. officials</p> <p>Too much stagnation in City Hall and on boards</p> <p>It's time for a new mayor and a new law director</p> <p>Both church expansions took homes and green space—City did not back residents</p> <p>Also, let city employees attend a customer service class, when my neighbors or myself call for assistance, the individual comes across as if were bothering them</p> |

| 17 | Service | <p>Kudos to the EMS dept. they saved my husband's life this year</p> <p>I believe that money could be saved and allocated to the police dept. by making the fire dept. paid part-time. The run volume is low for a full-time dept. Look at Brooklyn Hts. model. Services would maintain high level.</p> <p>Too much \$ spent on high priced vehicles for police and fire</p> <p>Please keep us safe and secure (strong police and fire depts.) Please maintain and improve existing parks, retail areas, open, green spaces, roads, homes and sewer systems.</p> <p>Most city services are very good, bordering on excellent.</p> <p>Also would like to see the roads repaired, parks maintained better and a new Mayor!</p> <p>Eastern Bay seems to be considered the 'ugly step child' in regards to city services...snow plowing, ticketing overnight and improperly parked</p> <p>The service trucks are always on Park Dr. using the cut-through yet no one sees the small holes on the road. Soon they will get big enough to damage your tires. Need to patch now!</p> <p>Snow plow removal crews are careless when plowing into people's yards—they need to work harder at helping plow in the street.</p> <p>Snow removal early in the morning from side streets for us that have work early</p> <p>Our street is often very late in snow plowing</p> <p>Snow removal on main streets is excellent. Could use a little more improvement on sides</p> <p>Stop blocking crosswalks with piles of snow from pickup snowplows. They get heavy, frozen and difficult to remove</p> <p>Snow removal—when trucks are going down the street—they are traveling too fast—hence the snow and slush from the streets are on the sidewalks. My snow blower is unable to move that heavy "material". It's funny—when I'm out there doing snow removal, the drivers are driving slower, why can't they drive slower all the time? Very dissatisfied!</p> <p>Although snow removal is excellent, the plow drivers go too fast on Ashton Lane. We have a short distance from sidewalk to street. Going too fast throws the snow onto sidewalks. The wet snow form the street is very difficult to remove</p> <p>The snow plows race down the street. They fill in driveways we have paid to clean out and then we are stuck</p> |

| 16 | Collection | <p>Quit making a big deal about picking up garbage!</p> <p>We pay more for trash removal and get less service. We used to be able to put anything out at any time and didn't pay extra for trash pickup. Also they are not picking up leaves as long as they used to</p> <p>For single people—way too expensive for trash pickup. Sometimes I don't have hardly any but put it out because I'm paying so much</p> <p>I wish the City would enforce the placing of garbage and yard waste no earlier than 5 pm on Monday and removal of cans by end of Tuesday.</p> <p>Fee for refuse collection is inequitable within Bay. Most other communities don't charge</p> <p>The trash pickup is sloppy. I have to pick up after they have been through.</p> <p>The waste management company the City uses is poor quality. It's workers are crude and rude. It damaged the garbage cans. Workers are careless. Cans are left to block driveways.</p> <p>Bulk pickup once a month is not enough! It really needs to be at least 2x a month. We end up keeping "junk" at our house way too long before we can throw it away.</p> <p>Needs landscaping presence at I-90 freeway entrances/exits</p> <p>Leaf collection overall is good, but not very frequent for park areas---leaves blow residents' yards</p> <p>The leaf collection has been very slow the past few years. We have had one pick up and it is November 18th.</p> <p>The City does not cite or enforce the violation of placing leaves in the street. This is a problem for parking and traffic. Violators should be cited or fined. It costs over \$100 year to replace my tree lawn. However many people in Bay choose to put leaves in the street. If there is no enforcement I too shall put my leaves in the street.</p> <p>This is our wish list for Bay Village: Increase fall trash to 2x per month</p> <p>leaf pickup is too slow</p> <p>Need to enforce no leaves in street and into sewer—fine those residents</p> <p>There should be leaf pickup in the spring after the snow has cleared. Leaf pickup needs to be on a better understood schedule. I cannot control where my neighbors park and therefore I get skipped on leaf pickup. I am frequently skipped for leaf pickup because I have a corner house and the leaves are spread along my lengthy tree lawn rather than in one huge pile. They tell me it doesn't look as if I raked!</p> |

| 11 | Trees | New retail or multifamily development require more planting. If a tree comes down, it must be replaced with a tree of at least 15-20 feet in height. More aggressive tree planting. |
| | | Our neighborhood never had the opportunity to take part in the tree law planting program |
| | | Tree lawn tree planting—move trees on tree lawn |
| | | What happened to the tree lawn planting program? Please resume! |
| | | Disagree with need for tree lawn planting. It disrupts visibility when driving |
| | | Where is tree maintenance program—many large trees dead or with limbs hanging |
| | | Tree maintenance – too many dead trees in all neighborhoods |
| | | Tree there is also dead [at the corner of Douglas and Knickerbocker] |
| | | Protecting our trees should be a priority. |
| 10 | Pets/Dogs | Ensure tree replacement, increase efforts to plant trees |
| | | Plant large trees. |
| | | But especially the dog problem! Dogs are unleashed before they go down the stairs. I have had dogs stuff their heads in my picnic basket and lick all the food while the owners smile in delight. I have had dog owners swimming while their dog chased my terrified child down to the beach. Eventually the owner comes out of the water to reprimand my child, because NOBODY in this day and age should be afraid of dogs! So a little supervision for the humans of BV would be great! We do love Bay and a lot of people at Columbia may not be residents and realize dogs must be leashed...and curbed. |
| | | Dogs being off leash in parks and residential areas—need to enforce more |
| | | Stricter enforcement of leash law |
| | | We live at Knickerbocker Apartments and we have too many dogs in here! Also the elevators are very bad |
| | | We need better enforcement on barking dogs and loose dogs |
| | | Oh, and a pit-bull ban! Again—please! It's a HUGE problem |
| | | As for the pit bull ban. Next door to me is a renter, with a pit bull that has attacked more than one dog; plus its owner. I'm scared everyday with that dog next door. Years ago, there was a pit bull ban in place. I would as well as my neighbors would love this, so no more vicious dogs could move in. Thanks for reading |
| Pets roaming w/o owners/ w/o leash | | |
| Remind pet owners to clean up after pets | | |
| Based on my perception—BV is unfriendly to dogs—no dog park, cannot afford poop bags for Cahoon, etc. is this a mayor bias issue? As people age, dogs—pets, service dogs become more important. Police are sensitive (thank you!) other community services—no so much! | | |

| 10 | Seniors | Services for seniors (e.g. leaf raking, snow removal, lawn cutting) |
| | | Keep senior services and dwellings. |
| | | Plus we're in a slow economy and NE OH seems to lag even further behind the national average. Bay is expensive and this is a challenge to keeping seniors in the City |
| | | Why is it that the term "seniors" is used interchangeably with "poor"? The administration routinely talks about the need for condos so that "...seniors who want to stay in Bay Village can find affordable housing here..." Then we get developers who propose multi-story condos! The whole "seniors staying in Bay" is a red herring designed to wrap the administration's desire to increase tax revenues by increasing housing density around a mythical senior's issue. |
| | | The most important issue that the City faces is putting more money into the Dwyer Senior Center. 31% of the population in Bay are seniors yet very little of the City funds are spent to upgrade and provide programs for our seniors. In addition our veterans were not honored this November! Sad |
| | | It would be nice if seniors had their driveways plowed by the City in the winter. Many neighboring communities have this service |
| | | More senior services |
| 8 | Schools | I am not a senior buy I am very aware communities "forget" them sometimes, Bay Village focuses on seniors and I appreciate that. Please keep that up. |
| | | Senior center like Rocky River's |
| | | A better senior center for adults |
| | | The school year begins too early/schools too hot |
| | | Also, the school system, which I believe to be part of the city, is outstanding at all age levels! |
| | | It is important that we maintain our city, but the school system as well. I will continue to support our schools and vote for levy issues to do so. |
| | | We need a new High School |
| Why aren't the school guard booths maintained? I asked the school board, they sent me to the police dept. I asked the police dept., they said it was the service dept.'s job. The service dept. said that the booths were purchased 20 years ago and they have never maintained them, and they would check with the school board and get back to me. That was in the spring of 2015. I told the service dept. that painting them would be a nice project for senior scouts, Bayarts, the high school art dept.! Have a contest to pain them myself. I've never heard anything more from anyone! The school guard booths are in very sad shape and in need of attention after 20 years, they are an eye sore! | | |
| Parochial school is among best | | |
| Improvement of school lunches—food is terrible and unhealthy | | |
| Wish to have schools for gifted students. | | |

| 7 | Safety | <p>Ask any male teenager or former teenager who grew up in Bay Village what they think about the BVPD. "I have no problem putting two in your chest" has been said to more than one teenager. My wife and I both witnessed this in our own home.</p> <p>I strongly believe that our police officers should be a little friendlier to the younger generation. We have a wonderful PD with great officers; I just feel the younger generation needs to see the side of them. A friendly smile goes a long way!</p> <p>Police spend too much time with petty driving infractions.</p> <p>Huntington Beach is not a place I would visit on the weekend. There needs to more of a police (NOT park ranger) presence there so residents feel comfortable going there</p> <p>My grandchildren are terrified to go to Huntington Park because of the urban thugs and language</p> <p>We wish the Columbia Park Beach was better patrolled. My daughter's bike was stolen after she stopped there for a few minutes.</p> <p>Also, I would like our police officer to be able to respond to incidents in the Metroparks because the zone coverage provided by park rangers is insufficient</p> |
| 5 | Events | <p>Community events are not publicized well enough in advance. Recruitment for community events is poor. Asking residences to pay for July 4th Fireworks in conjunction with our high real estate tax is ridiculous and makes our City look financially incompetent to neighboring towns.</p> <p>Also, Rocky River has a yearly contest for best landscaping or flower gardens at individual homes. I think Bay Village, garden club, etc. should do more along those lines to keep the pride in the City because that's why we live here!</p> <p>BV is a wonderful city. Taking this survey has made me aware I do not know very much about BV community events and many of the services provided. There is a lot of information available and in 2016 I plan to do a better job of being informed. Wellness activities and health screenings are very important to me.</p> <p>When having an event, better and timely advertising would be good!</p> <p>Add more adult, intellectual programming to offerings.</p> |
| 4 | Infrastructure | <p>I really like the idea of Major Street having decorative elements (e.g. Gateway signs, lamp posts, plus decorative recycling and trash containers like the ones in Rocky River).</p> <p>Improve lights in the streets often dark close to our house</p> <p>Concerns I have include lighting on my street and other side streets</p> <p>Need street light on corner of Douglas and Knickerbocker (by yellow house)- street and corner too dark, tree there is also dead</p> |
| 2 | Facilities | <p>I would characterize the administration's stewardship of our physical facilities as nothing short of criminal neglect. The so called Community House is in such despair I'm amazed it passes fire inspection. Everything about it is decrepit, unkempt and unusable yet I've heard of no plan, no discussion to refurbish it. This is one of the most historic buildings in our village but it's totally ignored. Could it perhaps be that the controversy about the cupola soured the mayor on the building? The Dwyer Senior Center is 99% unusable. The kitchen can't be used and it's an empty shell in terms of seniors' needs. So is the Bay Lodge. The Bay Way is rented to a commercial enterprise.</p> <p>Renovate library, it's a dump</p> |
