WHAT IS THE IMPLEMENTATION PLAN?

The Implementation Plan informs not only City staff and administration of who is responsible for undertaking actions, but it also discusses partnerships with private property owners, other municipalities, and other levels of government to demonstrate that accomplishing Master Plan Goals & Actions will take efforts from many groups.

WHY YOU’RE INVOLVED

This is your community’s plan. We need your input to ensure the actions in the Plan accurately reflect what you want to see accomplished in the City of Strongsville.

TONIGHT’S SCHEDULE

7:00 PM   Introductions
7:05 PM   Presentation
7:35 PM   Question & Answer
7:45 PM   Visit Board Stations & Provide Feedback

TONIGHT’S AGENDA

We will give a brief overview of who we are, discuss the process to this point, and give an overview of the Implementation Plan and updates made to the Goals & Actions document. Then we need your feedback - we have several boards to prompt feedback and we will be around to discuss any issues or ideas you might have.
WHAT'S NEXT?
Tonight we will get feedback on the Implementation Plan for the Goals & Actions to determine priorities, outline funding, align partners, and develop accountability. Then, all of the previous phases will be combined into a complete Master Plan document. This is the final Public Meeting for community input prior to recommendation for approval by the Planning Commission and adoption by City Council.

QUESTIONS?
Contact the City of Strongsville at www.strongsville.org

WHO IS COUNTY PLANNING?
The Cuyahoga County Planning Commission is an independent public agency that provides professional planning services to the Cities, Villages, and Townships of Cuyahoga County.
Tonight we would like to gather YOUR feedback on the prioritization of the numerous Goals & Actions listed in the Master Plan. Around the room are boards that outline the Goals & Actions. We want your opinions on which actions steps you feel are HIGH, MEDIUM, or LOW priorities.

**HIGH PRIORITY:** Are actions that you feel should be pursued right away. They are integral to achieving the Community’s Vision, address a significant need, and/or are relatively easy to implement.

**MEDIUM PRIORITY:** Are actions that you feel are important, but don’t necessarily have as big of an impact towards achieving the Community’s Vision. They might have minor obstacles to implementation or require other actions to be completed first.

**LOW PRIORITY:** Are actions that you feel have the least impact on achieving the Community’s Vision. They might have significant cost and benefit discrepancies or outside funding may be necessary to be feasible.

If you do not agree with any of the Goals & Actions presented tonight or feel that they should not be considered a priority at this time, you have the option to select “FUTURE CONSIDERATION” on the boards as well.

As you make your way around the room to each board, place a checkmark (✓) in the corresponding priority level box to indicate your rating for each action step.

County Planning representatives will be available for questions and to assist you with tonight’s activity.
COMMUNITYWIDE FRAMEWORK: Describes actions and policies that should be applied to projects throughout the City. These boards are identified by GREEN headers.

• GOAL 1: Promote the creation of a unique City character through streetscapes, design guidelines & commercial redevelopment
• GOAL 2: Improve and enhance pedestrian & bicycle connectivity
• GOAL 3: Continue intergovernmental cooperation for regional solutions to traffic, service provisions & economic development
