Homework

The NOISE Brainstorming Analysis worksheet is intended to provide space for brainstorming **Needs, Opportunities, Improvements, Strengths,** and **Exceptions** for the upcoming Steering Committee Meeting on October 30, 2018.

Beneath each topic on the following page is a question and space to write in your ideas. For instance, under “Strengths,” you could write that “*Brooklyn has great transit access.*” You may also think of ideas that are short-term, over the next three (3) years, or long-term – ten (10) years from now.

Please bring this worksheet to the meeting on October 30, 2018, and write any notes, comments, or questions on this sheet or on additional pages. We will discuss the NOISE Brainstorming Analysis at the meeting.

Thank you!
